

INSURTECH CONFERENCE AND EXPO Skopje, Republic of North Macedonia, 2-3 October 2019

#InsurtechSkopje is happening this week, 2nd and 3th of October, organized by Fintechguardian – The European Association of Fintech Stakeholders, Insurance Supervision Agency and Economic Chamber of Macedonia, and is a result of series of specialized Insurtech summit and expo events in the Balkan region.

#InsurtechSkopje is the second event, after #InsurtechSofia 2017, focused entirely on Insurtech in this region.

The event will bring together insurance regulators, insurance consumers and insurance business experts as well as investors and Insurtech enthusiasts to discuss the future of the Insurance industry and how it affects all stakeholders.

The future of the risk transfer industry is the focus of this year event together with the opportunity for all participants to interact with hand-picked speakers and top experts thus turning #InsurtechBalkans into a collaborative platform for opinion exchange and facilitated interaction between our guests.

#InsurtechSkopje is determined to create meeting point for Insurtech entrepreneurs and their potential investors revealing future opportunities for growth, to meet and greet bright minds and business experience that could evolve in numerous success stories. The pitching sessions will end with special Best Pitch Awards

Experts and investors from Europe together with local business representatives from North Macedonia will present trends, ideas, solutions in the two days [Program](#).
